

Arianespace Chairman & CEO Jean-Yves Le Gall joins Masanori Akiyama, the President & CEO of SKY Perfect JSAT, for the JCSAT-13 launch contract announcement

TRUST

Arianespace's seventh Service & Solutions contract inked in 2009 is for JCSAT-13 – to be orbited for Japan's SKY Perfect JSAT Corporation by an Ariane 5 in 2013. It is the 17th satellite launch order won by Arianespace from this Japanese operator since the launch of JCSAT-1 in 1989, continuing a 20-year relationship of mutual trust.
