

# The tempo of success

Arianespace Chairman & CEO Jean-Yves Le Gall [left] greets Faraj Elamari, the CEO of RascomStar-Qaf, at the recent Paris Air Show

CONFIDENCE

The first pan-African communications satellite, Rascom-Qaf 1, will be launched by Ariane 5 in the 4th quarter of 2007. Arianespace is pleased to play a key role in the development of a modern satellite communications network to serve the African continent.
