

Tempo of Success

Arianespace Chairman & CEO Jean-Yves Le Gall (left) congratulates Pradman Kaul on his recent designation as the "Satellite Executive of the Year"

RESPONSIVE

When it comes to Arianespace's ability to meet market changes, our customers say it all. After providing an Ariane 5 launch for SPACEWAY 3 only six months following the satellite's Service & Solutions contract signature, Hughes Network Systems' Chairman and CEO Pradman Kaul said: "Arianespace came through...like clockwork. I am very grateful for the performance of Arianespace, which was wonderful."
