

Tempo of Success

Arianespace's launch services for Intelsat included the orbiting of Intelsat 11 aboard an Ariane 5 in 2007

UNRIVALED

Arianespace's 25-year relationship with Intelsat has been expanded by an agreement for the launch of a new satellite, plus options on four additional payloads. Our Service & Solutions offer provides unrivalled capacity and flexibility for this leading international satellite operator, which has entrusted Arianespace with the launch of 48 satellites since 1983.
