# Tempo of Success

The Lockheed Martin-built BSAT-3b satellite arrives in French Guiana for its Ariane 5 launch

## CONTINUITY

Ariane 5's next mission will orbit the BSAT-3b direct-to-home TV relay platform for Tokyo-based B-SAT Corporation. Since 1986, a total of 27 Japanese commercial satellites have been entrusted to Arianespace's launch services, underscoring our leading role in this key marketplace.
